

Computer Use Permission Slip

Throughout the school year, technology will be integrated into the classroom to guide your child's learning and success. Examples of the technology being used are of the following:

- Books on tape/CD
- Computer Word Processors
- Online websites, such as www.starfall.com, www.pbskids.com, etc.

To ensure safe choices are being made, the students will be supervised at all times. However, it is important for the students to be responsible and make good choices when using the computers. When using technology, students are expected to treat the equipment with respect and apply the same school and classroom rules when we are utilizing the media lab.

In order for your child to enjoy the benefits of technology integration, this permission slip must be filled out and returned to me by September 1, 2011.

Thank you,

Mrs. Stassinis

Yes, I give my son/daughter permission to use the various technologies listed above throughout the school year and have discussed this choice with him/her.

No, I do **not** give my son/daughter permission to use the various technologies listed above throughout the school year and have discussed this choice with him/her.
