

Technology Committee Meeting Agenda

Members Present:

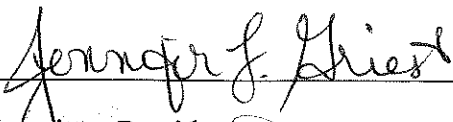

March 9

- ☑ Rachael Hantzsche
 - ☑ Jen Griest
 - Joe Snyder
 - ☑ Courtney Stassinis

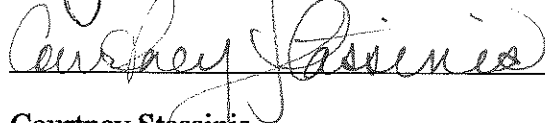

1. Discuss the still existing computer issues throughout the building.
 - a. Hardware problems
 - b. Software problems
 - c. Missing equipment

2. Discuss new technology for next year's new building.
 - a. SMARTBoards: which classrooms will have them, will we bring the existing SMARTBoards over?
 - b. Projectors: if not all classrooms will be equipped with SMARTBoards, then each classroom will be equipped with a projector that is hooked up to a main computer. Computer on wheels?
 - c. iPad: possibly a chance that we will be the first building to receive iPads for technology integration

3. With these new technologies possibly in every room, will training sessions be offered? If not, are we willing to hold mini workshops in the morning before school begins to train teachers?

Committee President

Courtney Stassinis
